

Within **Rotary International** we are well aware how difficult it is to raise funds for your chosen cause. As an organisation we have raised many millions of pounds that have been distributed all over the world and probably our greatest achievement is the virtual eradication of Polio World Wide and initiative set up by **Rotary International** in 1985.

At a local level here in Exmouth we are equally determined to help others whether it is an individual needing funds for an educational trip or an Organisation which needs financial help to maybe refurbish part of their premises.

In any situation money is mostly the key factor and in these days of matched funding, it is very important to start with as much as possible that has to be raised at a local level.

## **We now have a new opportunity to help you.**

**The Rotary Club of Exmouth** has purchased a number of Spiral Wishing Wells and we would like to lend one to you. As these wells are too expensive to purchase for a one day event, it is our pleasure to offer you a well that you can use on a shared revenue basis.

- The **Spiral Wishing Well** is a fantastic idea, developed in America - that just stops the public in their tracks.
- Children (and Adults) like to watch the coins spin around the vortex-shaped funnel of the **Spiral Wishing Well**, gaining speed and seeming to defy the laws of gravity as they hug the side walls without falling over.
- The **Spiral Wishing Well** brings a focus to your event and acts as an extra sideshow attraction.
- The **Spiral Wishing Well** gives you the chance to encourage everyone to bring all the loose coins in their home to you.

There are many thousands of coins sitting in our dressers and under seat cushions. We want you to have some of that money.

You can see the pictures and read more about the wells placed around the world on

[www.spiralwishingwells.com](http://www.spiralwishingwells.com)

So, if you are involved in School Fetes, Public Concerts, The County Shows, any local Festivals in fact any event where there are many of the public please feel free to ring us and borrow our Well. Providing it is not already out on loan it is yours to use and there is no charge to you.

It is simple - you just collect the Well (it will fit in the back of an estate car), encourage people to use it, and then return the Well to us with half of the collection, increasing your Charity pot and the other half will go towards our own charity Fund for further distribution.

This is a Fund Raising Initiative that **The Rotary Club of Exmouth** has developed for you to use (as many times as you would like!) **Please ring for more details:**
